Cutting Requirements:

Over Story Removal: Harvest all stems with one stick or more. Merchantability will be to a four inch top. Merchandize all salvageable dead and downed oak.

Oak Wilt Restriction No harvest operations permitted from April 1 to July 15.

*Equipment Restriction – Cut to length harvester and forwarder only, no hydro axe, cable skidders, etc. Contact forester for additional details/questions/concerns.

*No soil disturbance permitted within 200 ft of the south blue line, excluding the access point (no stump pulling, no new roads, etc.) All harvesting equipment must run on the tops/slash when operating in this area.

Scale Notes:

All oak species as well as dead/downed oak will be scaled as oak, approximately 60 cord of white oak and 300 cord of dead/downed oak.
